## AgriLIFE EXTENSION

Texas A&M System

The mission of the Texas AgriLife Extension Service is to provide quality, relevant outreach and continuing educational programs and services to the people of Texas. Extension educates Texans in the areas of agriculture, environmental stewardship, youth and adult life skills, human capital and leadership, and community economic development. The agency improves the lives of Texans through an educational process that uses research-based knowledge focused on issues and needs.

**Thanks to the  
2008 Nursery and Landscape Pest  
Management partner:**

The mission of STNGA, as the collective voice for our members, is to promote and protect our common interests by educating members about horticultural and governmental issues, standards of quality, and marketing strategies through active networking.

*Educational programs of the Texas AgriLife Extension Service are open to all people without regard to race, color, sex, disability, religion, age, or national origin. Individuals with disabilities requiring auxiliary aids, services or accommodations in order to participate in Extension programs are encouraged to call: 281.855.5600 to discuss specific needs.*
